

# REFLECTIONS

Sigma Tau Delta

## 2009 International Convention

Minneapolis, Minnesota

March 25-28, 2009

As Minnesota is the source of the Mississippi River, the waters and the worlds reflected in the waters of Minnesota are the source for the 2009 Convention theme of **Reflections**. On a literal level, **Reflections** may refer to the relationship between the sky and the waters, and between the natural world and the human-made world. On a figurative level, the theme of **Reflections** refers to the contemplative meditations on the individual and on society often experienced in the presence of natural wonder. Furthermore, **Reflections** can open up the theme to the numerous ways human endeavor and creativity are influenced by the natural world.

*The name Minnesota comes from a Dakota Indian word meaning "water that reflects the sky."*

**Call for Papers and Panels Deadline: November 21, 2008**
